Off-Site Information :

The *town tour* on Tuesdays will feature a trip into downtown Hanover. We will make different stops throughout the summer but will visit the Howe Library for Special Tech Projects a couple times throughout camp. Campers will bring their lunches and we will eat on the Green or at the library.

Mondays and Thursdays will be spent at **Storrs Pond**. We will have time at the pond, the pool, canoeing and a rotation of special activities with the HPR Sports Program Manager.

Campers must provide their own snacks and lunch.
