Week Two July 6-10: Animals and their habitats are the focus this week. We will traverse the globe to the Brazilian Amazon, the Jungles of Borneo, the African Congo and the tropical rainforests of India. Come join us, we've got fun and games AND Animals from Wildlife Encounter!

Week Three July 13-17: Tap, twist and two-step or if you prefer, improvise, impersonate and imitate. This week at summer camp campers will move their bodies to the rhythm of the music and let their inner performers shine. Also, we will see how the pros do it with a visit from the interactive performance team, The Little Red Wagon Theater.

Week Four July 20-24: We all have talent, discover and show off yours this week with us at camp! We will draw from our favorite Broadway musical shows for inspiration for the Camp Talent Show.

Week Five July 27-30: This week we are going Old School and visiting the past 10 decades. That's right 100 years of really cool things all rolled into one week! Get ready to get schooled on how things used to be. Modern Times Theatre will take us to the past with their Punch and Judy Puppet performance.

Week Six August 3-7: All of your favorite things mixed up into one AMAZING week of fun! We will create our own Fear Factor challenges, Minute to Win It contests, explore the Legends of the Hidden Temple and get shipwrecked on an island. This week has something for everyone so join us to celebrate the last week of camp.
